CLIENT COMMUNICATION
AND ENGAGEMENT
MADE SIMPLE

Presented by

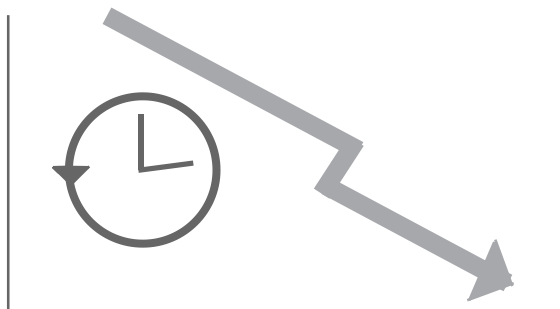

The Problem

Are you looking for more efficient ways to communicate with and engage your clients, especially in an era of diminishing resources?

WORKFORCE & EDUCATION AGENCIES

Are you wasting valuable staff hours calling clients repeatedly to verify employment or provide information?

CLIENTS

Do clients ignore your requests for proof of employment?

Imagine This

Send texts, email and voice messages directly from your Desktop computer to one or hundreds of clients to:

Manage Groups

Schedule delivery any time or date

Share resources and make referrals

Match clients with jobs

Provide coaching, case management and training services virtually

Entice clients to respond to you by offering e-gift cards (eBoosts) delivered via text and email

Why You Need CareerHub

Saves time = money

Increases engagement and response

Improves data collection

Increases client job placement and retention

How could Virtual Services be used to engage Clients & benefit your programs? (services via text/email/voicemail)

Outreach & Recruitment

Incentives & Supportive Services

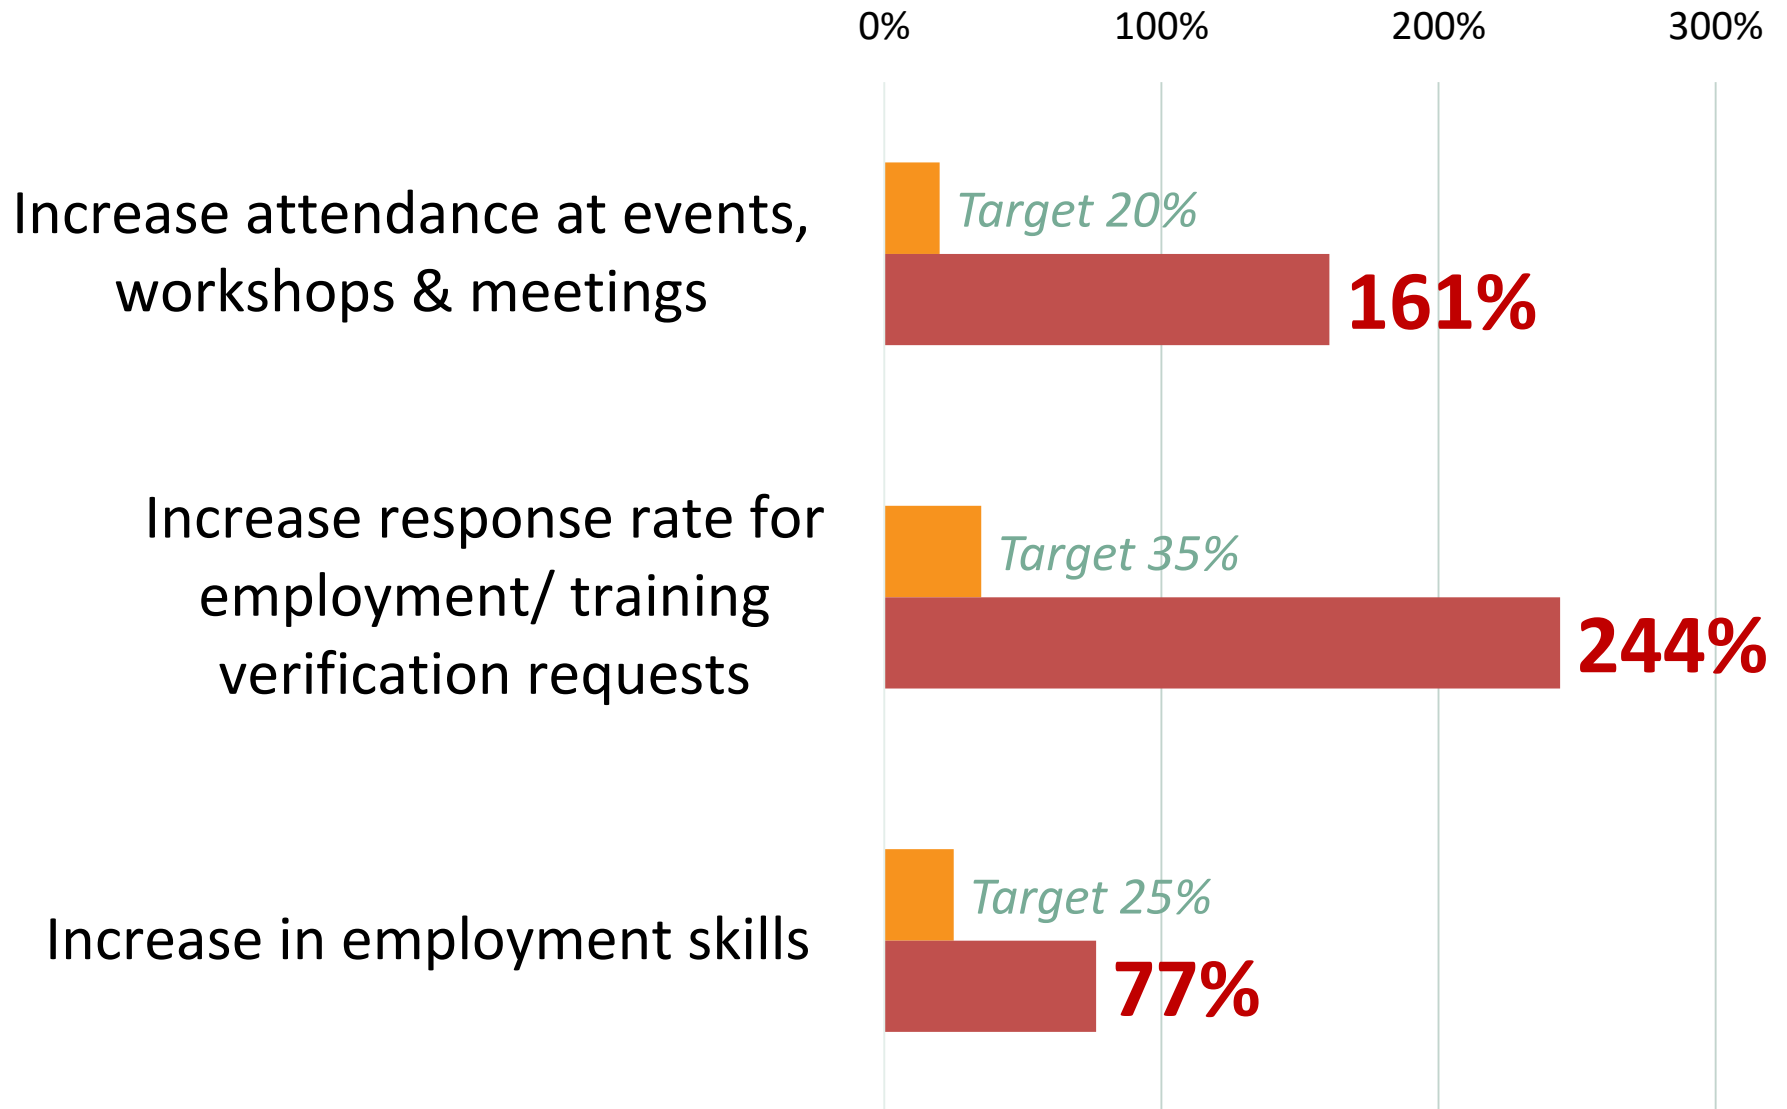

Job Announcements , Educational Opportunities & Referrals to Resources

Skill Building and Reinforcing

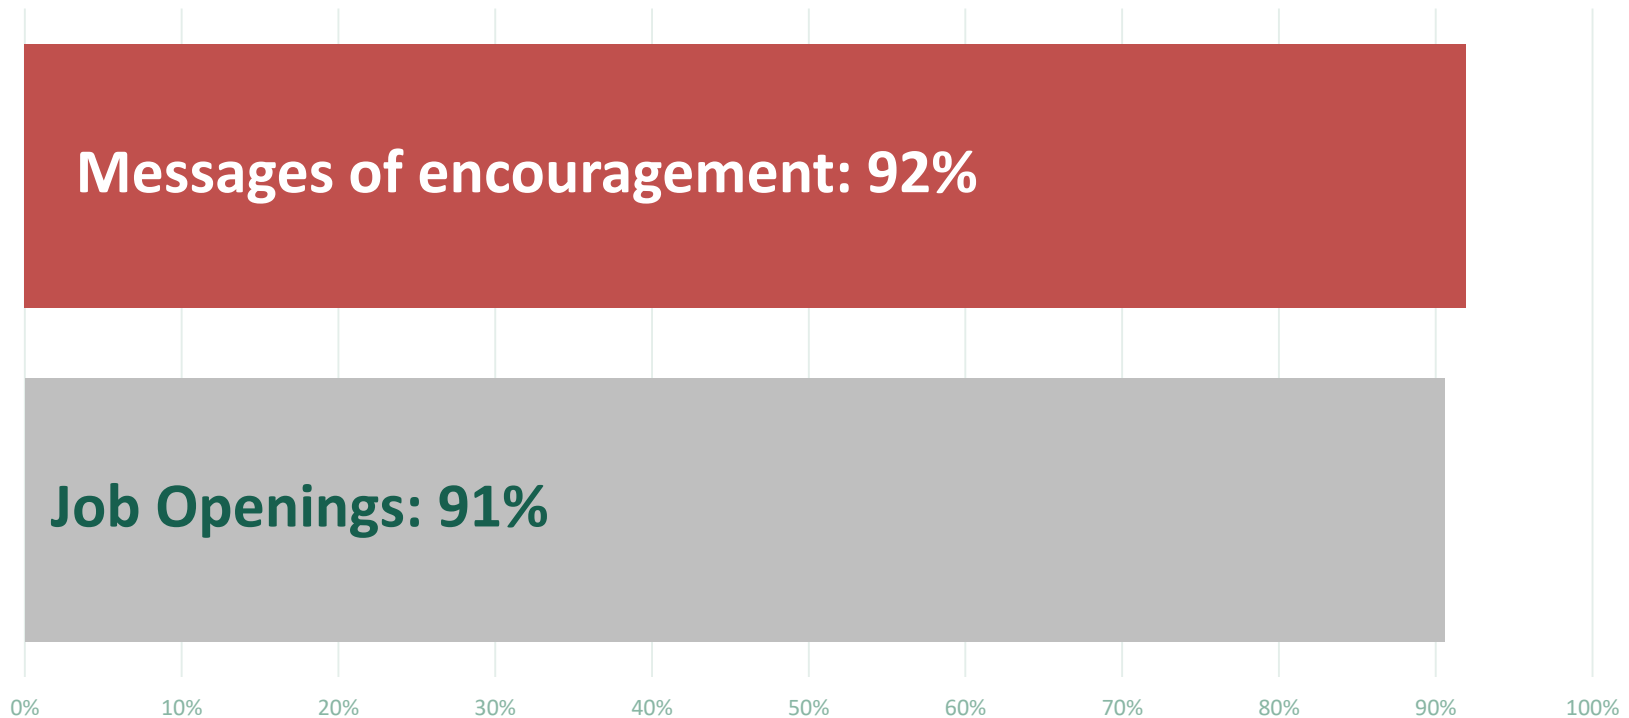

Reminders, Coaching & Encouragement

Employment verification, educational attainment, retention & follow-up

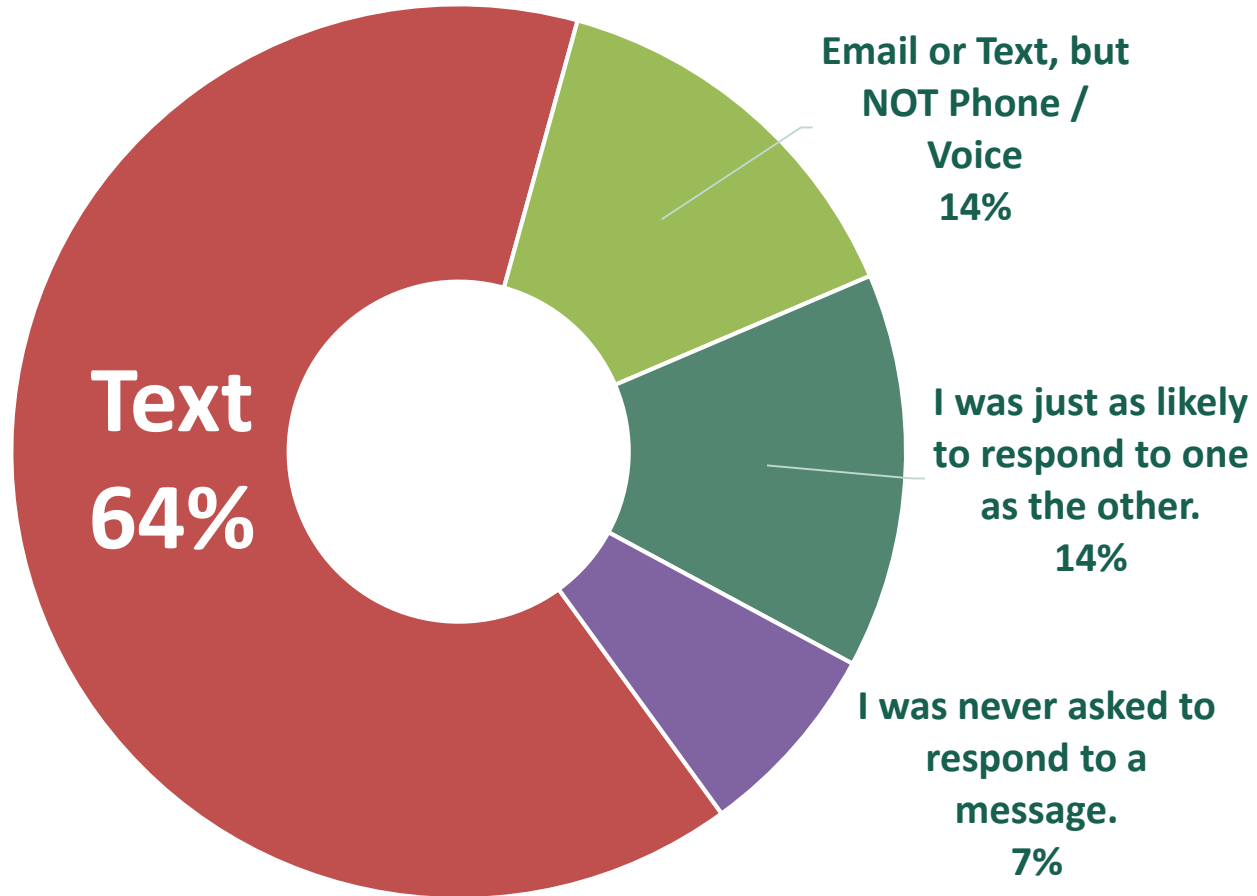

Texting Works!!

Clients value encouragement as much as hearing about job opportunities

Clients surveyed said they are more likely to respond to text:
